

## our goal is to supply end to end procurement solutions to the local Israeli market

We support companies in the Mil/Aero and Hi-Tech sectors, as well as those in the Industrial, Medical, Greentech, and other industries. Anthenn Technology is the exclusive representative and distributor for Sonicare Solutions USA, a partnership that enables us to fulfill our vision of being a one-stop shop for electromechanical and electronic components. Founded in 2000, Sonicare Solutions Inc. is a global hybrid distributor of electronic components and aerospace parts, based in Boynton Beach, Florida, and ships products worldwide.

Sonicare Solutions Inc. has evolved from being a broker of electronic components to becoming a full-service global supply chain partner for customers in the commercial, industrial, military, automobile, and aerospace industries.

Areas of expertise > Automotive (Stoneridge, Defond, GE transportation,) > Commercial product manufacturers (BB Electronics, Enics, Kyrel, Flex, Sanmina, Note, PCI) > Healthcare (Beckman Coulter, Plexus, Med Corp, Cepheid, Jabil Healthcare) > Specialty product manufacturer (Agie, ABB) > Government contracts (Lockheed Martin, DRS, L3Harris Thales, US Government) > Avionics/Aircraft manufacturer (Embraer, Airbus, Safran, Learjet) > MRO's (AV industrial Aeronautica, TAP-VEM) > Security (Honeywell)

### Franchised Lines

- |                         |                      |
|-------------------------|----------------------|
| • Alpha Wire            | • Intelix            |
| • Amphenol Connex       | • Knight Orion       |
| • APC                   | • LSI CSI            |
| • Avery Dennison        | • Marinco            |
| • CSB Battery           | • Mega Electronics   |
| • Dantona               | • Paladin            |
| • Delta Systems         | • Platt Luggage      |
| • Elyssa                | • Raystar            |
| • Emerson Network Power | • Speco Technologies |
| • Energizer             | • Steren             |
| • Hellerman Tyton       | • WAMCO Lightin      |
| • ICM                   |                      |

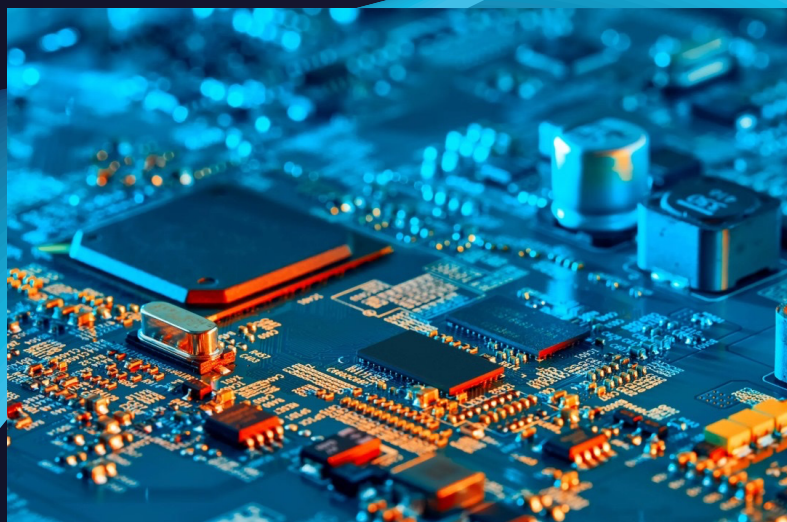

### Authorized Lines

- |                       |                    |
|-----------------------|--------------------|
| • Abbatron • Amethern | • Middle Atlantic  |
| • Amphenol RF         | • Neutrik          |
| • Belden              | • Panduit          |
| • Chemtronics         | • Pomona           |
| • Corcom              | • SI MFG           |
| • Extech Instruments  | • Sola             |
| • General Cable       | • Struthers Dunn   |
| • Hakko               | • Switchcraft      |
| • Heyco               | • Tech Spray       |
| • Littlefuse          | • Tyco Electronics |
| • Lumberg             | • Volex            |
| • Magnecraft          |                    |

## Non-authorized factory direct buys

|                            |                                |                            |
|----------------------------|--------------------------------|----------------------------|
| • 3M                       | • Inertia Switch               | • Riedon                   |
| • Analog Devices           | • J.S.T Mfg                    | • Samtec                   |
| • B&E manufacturing        | • K&J Magnetics                | • Sans Digital             |
| • Beta Transformer         | • KNF Neuberger                | • Sanwa Tsusho             |
| • Boeing                   | • Lectra Products              | • SF Cable                 |
| • Brady Labels             | • Metuchen Capacitors          | • Siba Fuses               |
| • Caddock                  | • Maxim                        | • Sofasco                  |
| • Coilcraft                | • Microchip                    | • Solid State              |
| • Dynatech Manufacturing   | • Mini-Circuits                | • Staco Systems            |
| • EAO Switches             | • Modco                        | • Susumu                   |
| • EBG Resistors            | • Molex                        | • Taitron                  |
| • Elna Magnetics           | • New Jersey Semiconductors    | • Tech-Etch                |
| • L-Com Inc                | • Nicomatic                    | • Teledyne                 |
| • Etherwan systems         | • Norcomp                      | • Texas Instruments        |
| • Ever Ohm                 | • ODU Connectors               | • Textron Aviation         |
| • Fischer Elektronik       | • Omega Engineering            | • Thorlabs                 |
| • FORT Robotics            | • Oupiin                       | • Trontex                  |
| • Gems Sensors             | • Parker Hannifin              | • Uniohm                   |
| • Glenair                  | • Pasternack                   | • Venkel                   |
| • Golledge Electronics     | • Pinstructure                 | • Watercool                |
| • Goodyear Rubber products | • Positronic                   | • Wieland Electric         |
| • Guardian Electric        | • Quantum Digital Technologies | • Wurth electronics        |
| • Gulfstream Aerospace     | • Raycon                       | • Xicon Passive Components |

## Valued added services

- Worldwide offices, Affiliates and Agreements
- Preferred Communications
- ISO 9001:2015 certified distributor AS9120B
- ISO 13485
- ANSI/ESD compliant (awaiting to be certified)
- Quality Control Procedures
- Tape and reel, Testing, decap, cutting
- Stock Inventory
- Allocated Inventory
- Packaging Services (Mil, Hazmat)
- Scheduled Delivery Programs:  
Daily / Weekly / Bi-weekly / Monthly
